STATE OF MONTANA

**RE: BULK GASOLINE/DIESEL FUEL LOCATIONS
TERM CONTRACT (SPB03-522G)**

**NOTIFICATION OF INTENT TO RE-BID A "SECONDARY" TERM
CONTRACT FOR SERVICES NOT COVERED BY THE ABOVE
REFERENCED CONTRACT**

Please be advised the State Procurement Bureau is compiling information requested from State Agencies identifying locations currently not covered by the above referenced Term Contract. The Bulk Gasoline/Diesel Fuel Term Contract (SPB03-552G) was renewed for an additional year expiring December 31, 2009. Since inception of SPB03-552G, several originally serviced locations have been cancelled and are no longer part of the current Term Contract. Vendor withdrawal or non-renewal resulted in location cancellations.

At this time, we believe issuing a "Secondary" Invitation for Bid for locations not covered within the current Term Contract is in the State's best interest. The expiration date for the secondary Term Contract will coincide with the original Term Contract end date of December 31, 2009. The State intends to re-bid these services as a whole effective January 1, 2010.

Sincerely,

Jill Lotter
Contracts Officer
